

Writesonic – best pressure washers for under \$300

Finding the best pressure washer for you is a matter of knowing what you need. If you just want to do some light duty cleaning, a low-pressure sprayer would work. If you need something with more power, you might want to consider a higher-pressure washer with a stronger engine and better pump. The variety of pressure washers available makes it hard to choose the best one for you. I've put together a list of the best pressure washers that cost under \$300, with a little bit about why they're worth your money.

Here's our favourite Pressure Washers for under \$300

TEANDE 3800PSI Electric Pressure Washer, 2.8GPM

Easily clean your driveway, patio, deck, and more! The TEANDE Electric Pressure Washer will make quick work of dirt and stains that have accumulated on your home's exterior. You'll be able to tackle all the hard to reach spots with the adjustable spray nozzle and total stop system that is included with this pressure washer. With a powerful 1800W motor and a 3800 PSI, you'll have all the power needed for the toughest jobs.

SIMPSON Cleaning MS60763-S MegaShot Gas Pressure Washer

The SIMPSON Cleaning MS60763-S MegaShot Gas Pressure Washer Powered by Kohler RH265 is the perfect tool for cleaning patios, decks, siding, windows and outdoor furniture. This machine comes built with a steel construction frame and a frame height of 55 inches which provide stability when cleaning. The innovative quick connect nozzle tips make it easy to adjust pressure settings and the 2.4 GPM flow rate provides enough power to clean stubborn dirt from driveways and sidewalks.

This gas-powered pressure washer is designed to clean those areas that are typically hard to reach, which makes it perfect for cleaning vehicles, boats, and other large surfaces. It features a steel construction frame and 5 quick connect nozzle tips.

Westinghouse WPX3200 Gas Powered Pressure Washer

The Westinghouse WPX3200 Gas Powered Pressure Washer is a powerful tool that can blast away tough and stubborn dirt on residential and commercial projects. This pressure washer has a 212cc 4-stroke, OHV horizontal shaft engine for power, and it's equipped with a full five nozzle set. The WPX3200 also has a heavy-duty pump that generates 3200 PSI of water pressure and 2.5 GPM of water flow to remove the toughest dirt from surfaces. With a half

gallon onboard soap tank, you'll be able to clean more efficiently without having to refill the soap tank as often.

The WPX3200 is the perfect gas powered pressure washer for the light duty commercial user. The compact design of the WPX3200 makes it easy to transport and store. Westinghouse builds the WPX3200 with durability in mind by incorporating a heavy-duty gas powered engine that ensures long life and reliable performance.

Sun Joe SPX3000 2030 Pressure Washer

Keep your car, home, and deck in impeccable shape with the Sun Joe Pressure Washer. The 2030 max pressure provides high performance so you can get the toughest jobs done in a fraction of the time.

The dual detergent tanks and accessories allow you to store and mix your own cleaning solution. With the safety lock switch, you can start and stop the flow of water without worrying about it turning on while you're not paying attention.

Karcher K5 Premium Electric Power Pressure Washer, 2000 PSI

The Karcher K5 Premium Electric Power Pressure Washer is the perfect addition to your arsenal of cleaning tools. 2000 PSI and 1.4 GPM means that this thing can tackle the toughest jobs, from deep car cleaning to washing down high-friction surfaces, with 1200 water jets to help dislodge stubborn dirt and grime.

The Vario Power Spray wand gives you a range of options for different types of pressure and spray patterns, while the onboard detergent tank lets you wash your car or deck with soap right from the wand.

Best of all, it features a pressurized hose reel, two included wands, and a water cooled induction motor so you can clean for hours without running out of power.

Final thoughts on the Best Pressure Washer for under \$300

The best pressure washer for you is the one that suits your specific needs and budget. Hopefully this guide has helped you understand what features are important to consider when looking for a pressure washer. If we had to choose one of the excellent pressure washers featured we'd go for the Sun Joe SPX3000
